

5th Grade Homework Expectation

By fifth grade we expect students to be independent and responsible for completing daily homework.

The consequences for failing to complete homework are as follows:

- The first time a student does not have his/her homework; he/she will receive a strike but will need to turn in the assignment the next day.
 - 2nd day missing – strike 2
 - 3rd day and on – strike 3 you're OUT- loss of semester rewards

- The homework policy refreshes at the beginning of each trimester.

We have read and understand the homework expectations.
